Part III: Comprehension Questions

1. Read the primary source excerpt and answer the question that follows.

> "There is just one way that a nation can progress, and that is by having a government that is really and truly representative; not of the wealth and business alone, but of all the people from the poorest and humblest citizen to the billionaire. There is only one way to get better conditions and that is to go to the ballot box and vote intelligently. The ballot is the first great step to freedom; it is the key-stone to all democracy."
>
> - The Savoy Star. (Savoy, Tex.), Friday, November 17, 1916. *The Portal to Texas History*

The vocabulary term that is best represented by the excerpt above is…
