### Lesson

Grade Level work contains 7 questions that are a combination of short, constructed response questions and multiple-choice questions.

Foundations work contains 7 questions that are primarily multiple-choice questions.

Advanced Work contains 8 short, constructed response questions about each source. The additional question on the advanced work is question 7, and it asks students to provide one or two statements from the material that they feel best exemplifies the main idea of the source. Responses to this question will vary.

The answers provided below are taken from the Grade Level and Foundations level work. As such, the advanced question 7 is not included here. Question 7 in this work is the same as question 8 on the Advanced work. These answers should serve as a guide for answers on the Advanced work.

Answers begin on the following page.
