Part I: Matching

- | | |
|-------------------------|------------------|
| 1. Coastal Plains | 5. Sedentary |
| 2. Great Plains | 6. Nomadic |
| 3. Mountains and Basins | 7. Three Sisters |
| 4. Caddo | 8. Comanche |

Part II: Geography

- | | | |
|------|----------------------------|----------------------------|
| 1. C | 6. D | 11. A |
| 2. A | 7. A | 12. D |
| 3. D | 8. B | 13. B |
| 4. B | 9. A | 14. C (D is also accurate) |
| 5. D | 10. B (D is also accurate) | |

Short, Constructed Response

The Coastal Plains has been the most densely populated throughout Texas history because it is rich in natural resources, received ample rainfall, and has rich fertile soil.

(Examples for why the Coastal Plains is the correct answer may vary)

Part III: Practice Questions

Advanced:

1. B
2. D
3. D
4. A-Comanche, B-Karankawa, C-Caddo, D-Jumano
5. Answers will vary but should include differences like the Comanche were primarily nomadic hunter-gatherers as a result of the scarce resources, less frequent rain, and poorer soil of the Great Plains, which required them to live in smaller groups and move more frequently; in contrast to the Caddo who were a sedentary tribe who lived in large groups and took part in large-scale agricultural due to the excellent soil, climate, and environment of the Coastal Plains.
