

# Warm-up: Who's Who of Reconstruction

## Unit 9: Reconstruction

Name:

Date:

Period:

### What's in the Time Capsule from 1865?

A **Time Capsule** is a collection of items stored and often hidden away to be opened at some point in the future. Time capsules contain things that are important to the people, location, and time that they were created. They are meant to give us a glimpse into what was important when they were created.

**Picture it:** You find a time capsule from the year 1865. *(Don't ask too many questions, just go with it.)*  
What items do you think you would find in it? Be descriptive.
